RAFFIC MEN PLAN **DAILY GRAIN REPORTS**

Memphis traffic officials met at the fic eof A. H. Egan, general superinneat of the Illinois Central railroad, riday to formulate plans for supply-g daily reports showing the situation in the Memphis terminal with reject to the movement of grain, numer of grain cars on hand and grain torage facilities at Memphis, to W. C. endall, head of the car service section f the interstate commerce commission is requested by Mr. Kendall. Initial ness will submit their reports to Mr. gon, who will forward a summary ally to Washington.

In many parts of the country the novemn etof grain has suffered severely from conjection and lack of railway equipment, with the situation said to be acute at some places. The car serve section is seeking accurate data at the situation in all parts of the country as ethfirst step toward solving the problem of moving the grain. Where loaded grain cars are held up by mebargoes, and elevator storage sacce is available, it is believed that my cars may be released for other roses by unloading the grain and ing it in elevators until it can be warded to destination.
